Subject: FW: SJRWP-EPA split sampling

Donn – see Bob Allen’s email below – EPA will do oversight on all sampling events; and will collect sediment splits; however there are too many variables for pore water & surface water splits to be meaningful.

Thanks,

Gary Miller

Subject: SJRWP-EPA split sampling

GM Gary,
After last nights’ SJRC meeting Rock, Sarah and Scott were talking and they later asked me if I knew if the EPA was planning to collect any spilt sampling during the upcoming porewater, sediment and surface water sampling. I said that I did not know and would ask you...

Thanks, Bob
